The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-9, 11, and 19-22 are rejected under 35 U.S.C. 102(b) as being anticipated by **Caprioli or Albery, et al.** Both patents disclose a method for analyzing body fluids, in which a fluid is accessed for analysis via an access means implanted in the body.

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Please review **Patsalos, et al.**, and **Mishra, et al.**
